E EDUCATION

Graduation

Visvesvaraya Technological University
Bachelor of Engineering (Computer Science & Engineering)

62%

03 Jul 2012 - 04 Jul 2016

[Self Attested](#)

I have around 4 years of experience in Quality Assurance, with expertise in both manual and automation testing. My strengths include Python, Selenium, PyTest, Playwright with TypeScript, API testing, and test automation frameworks. My career goal is to grow into a skilled QA Automation Engineer, build strong expertise in modern automation tools, and contribute to a reputed organization.

W WORK EXPERIENCE

Quality Assurance Engineer

03 Jan 2022 - 30 Sep 2025

YuktaMedia India Private Limited

[Self Attested](#)

- Developed and maintained 300+ automated test scripts using Python, Selenium WebDriver, and PyTest, achieving 70% automation coverage and reducing regression testing execution time by 60%
- Designed and implemented a Hybrid Test Automation Framework using Page Object Model (POM) and data-driven testing, improving code maintainability by 45% and increasing test script reusability
- Analyzed business requirements, designed test scenarios and test cases, and executed Functional, Regression, Smoke, Sanity, and End-to-End (E2E) Testing to ensure comprehensive test coverage and high-quality software releases
- Logged, tracked, and verified software defects using defect tracking tools, collaborated with developers to validate fixes, and supported defect resolution throughout the Software Testing Life Cycle (STLC)
- Utilized advanced PyTest features and generated Allure Reports to optimize test execution, improve test coverage, and provide actionable quality metrics to stakeholders

Skills: Manual Testing, Regression Testing, SQL, Playwright Automation, Typescript, Git, Jenkins

Software Tester

20 Dec 2018 - 18 Nov 2019

Tech Mahindra

✓ Self Attested

- Executed 500+ Functional, Regression, and System Test Cases across multiple software releases, ensuring application quality and release readiness
- Designed and executed test cases based on business requirements, logged and verified software defects, and collaborated with developers to validate fixes throughout the Software Testing Life Cycle (STLC)
- Performed Cross-Browser Testing, test execution, and validation in an Agile environment, contributing to 95% defect-free production releases

Skills: Manual Testing, Customer Service ,Regression Testing, Database testing

Business Analyst

03 Oct 2017 - 05 Oct 2018

Atidiv

✓ Self Attested

- Validated more than 1,000 business records weekly, maintaining 98%+ data accuracy through detailed data validation and quality assurance checks
- Performed data verification, web research, and data analysis to ensure the accuracy, completeness, and consistency of business information
- Identified and resolved data inconsistencies, improving data quality, reducing manual rework, and supporting continuous process improvement through meticulous attention to detail

Skills: Data accuracy, Excel, customer communication,data validation

P

PROJECTS

Amagi – Automated Self-Invoicing System

10 Jan 2022 - 10 Jan 2023

✓ Self Attested

- Performed REST API Testing using Postman, validated invoice generation workflows, and automated regression scenarios to improve test coverage and release quality

Skills: REST API Testing, Postman

Hindustan Times – Revenue Analytics Dashboard

16 Jan 2023 - 03 Dec 2023

✓ Self Attested

- Performed Functional, Regression, and User Acceptance Testing (UAT) for reporting modules and business-critical analytics dashboards, validating data accuracy and ensuring reliable report generation across releases

Skills: Functional Testing, Regression Testing, User Acceptance Testing

Viacom18 – Ad Booking & Revenue Management Suite

10 Jan 2024 - 30 Sep 2025

✓ Self Attested

- Developed and maintained automation scripts using Python, Selenium WebDriver, and PyTest to validate advertisement booking workflows, ensuring application quality through Functional and Regression Testing

Skills: Python, Selenium WebDriver, PyTest

A

ACHIEVEMENTS & CERTIFICATIONS

Job Ready Python Automation Blueprint (Selenium + API Automation)

30 Jan 2026 - Present

The Testing Academy

✓ Self Attested

- Completed 6x Job Ready Python Automation Blueprint (Selenium + API Automation)
